"Nature Conservation Saves for Tomorrow"

MANAGEMENT COMMITTEE OPPORTUNITIES

Last month I told you that the 'elections' were nigh. I tried to explain the need for the apparent 'stage management' of the election and perpetuation of the 'old guard'. This reflects the 'precautionary principle', oft cited by environmentalists in other contexts! This month I shall focus on the 'vampire principle'; that is, the search for new blood.

At the elections on March 28, preceding the presentation by Alan Lane, all Management Committee positions are effectively thrown open, irrespective of whether or not there is a nominee. The outgoing President invites an independent member (not on the outgoing Management Committee) to conduct the election of the President for 2008-9. Once elected, the new President conducts the election of the remainder of the Management Committee. There is plenty of choice for those wishing to make a difference, whether they range from aspiring environmentalists to bored retirees (not mutually exclusive I hasten to add), and/or simply have concern with the many ways we are abusing our heritage.

As well as the specific positions such as Administrative Officer, World Heritage Officer, or Project Officer (Technical), a number of less focused Project Officers (i.e. 'transitional' positions) can be elected. Why 'transitional'? The aim is that someone can experience Management Committee without initially having a clearly defined role. For such newcomers, starting as a Project Officer provides a settling-in period.

Why should 'settling-in' be necessary? It need not be! If you know what you want to do, and you are confident and committed, you are most welcome. But if you are less confident and would prefer to ease into a Management Committee role, you are equally welcome.

This is a perfect time for those with appropriate skills to become more active in the Society's fight to conserve the Blue Mountains' environment, and to counteract the State Government's ongoing assaults on the broader environment.

"Do not ask what your environment can do for you, ask what you can do for your environment"*

**[With apologies to John Kennedy]*

Brief descriptions of the Management Committee positions and their main duties are given on page 3 and there is a nomination form which you can cut out on page 5.—Ed.

**Brian Marshall,
Outgoing President**

CARING FOR THE NORTHERN HAIRY-NOSED WOMBAT: One of the Most Endangered Animals on Earth

In September 2007, Alan and Virginia were caretakers at the Epping Forest National Park, a 3,000 hectare reserve in central Queensland established to protect the last remaining population of Northern Hairy-nosed Wombats. This animal is not related to the Common Wombat- it is not only a different species, it is a different genus, as different as a cat is from a dog! The reserve is closed to the public and 130 km to the nearest shop. Caretakers need to be self-sufficient. Alan and Virginia's duties included monitoring movement of wombats and other animals by their tracks, reporting and marking new burrows, checking for the presence of wild dogs, riding the 18-km dog-proof fence, and surveying the macropod fauna. Most interestingly, they were given the task of devising the best way to use the recently acquired automatic movement-activated cameras to photograph the wombats. With these, Alan and Virginia were able to capture the best images currently available of this very private animal in the wild.

Sounds quite an adventure. Come along and hear of and see the outcomes of their very worthwhile endeavours.

The Northern Hairy-nosed Wombat,
Lasiorhinus krefftii

7.30pm, FRIDAY 28 March, 2008 ANNUAL GENERAL MEETING

at the Conservation Hut,
western end of Fletcher Street, Wentworth Falls.

This will be followed at 8.00pm by our regular

MONTHLY MEETING

Speakers: **Alan Lane & Virginia King**

VISITORS WELCOME

Alan worked as a microbiologist at the CSIRO Division of Food Research until his retirement. He has a PhD in microbiology and, after his retirement, obtained a Masters in Environmental Science for his study into frogs of the Upper Blue Mountains. Alan has given presentations at the Conservation Hut in the past on Frogs in the Upper Blue Mountains (April 2006) and 'Walking across the Simpson Desert' (November 2006).

Virginia is a writer who sometimes gets involved in Alan's environmental projects. Together they have written several books for children on frogs, platypus and camels. When she is not caretaking wombats, she is writing a novel for adults.

Local native plants from our nurseries will be on sale at the AGM. The 20% regular discount to members will be further increased just for this night so that all tubestock will be only \$1.50. So, bring a box and grab these bargains of shrubs, climbers, groundcovers and small trees.

Letter of the Month—March 2008

Coal – Dirty AND Thirsty

In spite of the fact that NSW's Greenhouse Plan states "*In NSW and across the planet a concerted effort is required to slow and reverse the projected growth in emissions and to avoid dangerous climate change*", the government continues to fall over backwards to accommodate the coal mining boom.

Longwall mining has intensified during the past decade, to a point where nearly all major NSW rivers have been affected or are under threat (Total Environment Centre's Second Submission to the Southern Coalfield Inquiry).

The mining industry is considered to have 'special' circumstances that put it outside of even the National Water Initiative Agreement.

Communities in all the coal-field regions of NSW are concerned about the long-term damage caused by longwall mining activities to water sources, aquifers, creek and river beds. The Department of Environment and Climate Change, the Sydney Catchment Authority and peak environment groups, have all called for a preventative approach to damage caused by mining.

Much of the damage is taking place in the Southern Coalfields and the Special Area designed to protect the Illawarra's water supply and over 20% of Sydney's water supply. There are currently three new mines proposed for Sydney's water catchment and one for the Central Coast's catchment.

The current system of approval of new mines is biased in favour of mining. The Department of Primary Industries collects royalties from the mines it approves, creating a significant conflict of interest.

New proposals invariably claim that subsidence can be managed but offer no assurance of monitoring or rehabilitation. It is a routine practice of the mining companies and their government regulator to assume the most optimistic situation and to undervalue the extent of risk.

However, the Department of Water and Energy has raised grave doubts as to whether remediation methods are working at all.

Mining companies are not held legally responsible for damage caused to natural ecosystems and water supply catchments, nor are they required to pay compensation.

Regional and peak environment groups in NSW have called for a one kilometre mining exclusion zone around rivers and groundwater aquifers.

Australia is the developed country that will be most affected by climate change. The average temperature across the country rose 1.3 degrees in January according to the Bureau of Meteorology (Sydney Morning Herald 1.2.08). Can we afford to risk long-term damage to our water catchments for short-term financial gain from coal exports?

Write a letter to Morris Iemma, Premier of NSW, cc to Barry O'Farrell, Leader of the Opposition. Address both to Parliament House, Macquarie St, Sydney 2000. You could also cc to your local Member.

- The NSW Greenhouse Plan states that "in NSW and across the planet a concerted effort is required to slow and reverse the projected growth in emissions and to avoid dangerous climate change". How does your government plan to achieve this outcome if the coal mining export industry continues to expand, and 'clean' coal technology is still untried and unproven?
- I call on the NSW government to remove the conflict of interest caused by the current system of approval of new mines by the Department of Primary Industries. I call for the appointment of an independent regulator with the power and enforceable guidelines to prevent longwall mining in sensitive sites, and to halt mining operations that are having negative impacts on the environment.
- I call on the NSW government to take urgent steps to prevent damage to rivers, swamps and groundwater resources caused by longwall coal mining in NSW.
- I call on the NSW government to mandate a mining exclusion zone of at least 1km around rivers in NSW, to protect them from damage caused by mining operations.
- How does your government justify risking long-term damage to our water catchments for short-term financial gain from coal exports?

Rosemary Lathouris and Robin Mosman

Visit the BMCS website at: www.bluemountains.org.au

BMCS — MANAGEMENT COMMITTEE DUTIES AND RESPONSIBILITIES

APRIL 2007 TO MARCH 2008

EXECUTIVE POSITIONS

The following office bearers comprise the BMCS Management Committee.

These members attend monthly Management Committee meetings, and other meetings as needed. Additional personal time is needed to effectively handle the responsibilities.

A guide to the total number of hours per month (hpm) is shown in brackets after each position.

President (35 hpm)

- Provides leadership and direction for BMCS
- Chairperson for BMCS meetings
- Spokesperson for BMCS
- Coordinates the BMCS response to ad hoc matters
- Provides copy for Hut News
- Participates in selected BMCS objectives where practicable

Senior Vice-President

Second Vice-President

(two positions, each 15 hpm)

- Deputises for the President as required
- Takes responsibility for one or more nominated major projects
- Undertakes business arising at meetings, assists sub-committees when required
- Welcomes members and visitors at monthly meetings, assists with name tags and attendance book.

Administration Officer (30 hpm)

- Receives and distributes incoming mail from post and email
- Prepares monthly schedules of correspondence – inwards and outwards
- Manages office, including files, archives, stationery supplies, computer and other office equipment

Meetings Secretary (15 hpm)

- Prepares meeting agendas and minutes.

Membership Secretary (45 hpm)

- Initiates programs to attract new members to the Society
- Keeps membership records
- Sends welcome letters to new members
- Sends renewal notices, follows up members who become unfinancial
- Removes unfinancial members from membership
- Provides monthly membership report
- Arranges printing and postage for each member mail-out
- Deposits membership fees
- Maintains Bushwalkers' sub-group membership list
- Issue membership cards
- Initiate/participate in actions that attract and maintain Society members.
- Encourage membership feedback

Treasurer (10 hpm)

- Responsible for BMCS finances
- Responsible for BMCS insurance
- Pays accounts and deposits receipts

- Provides monthly financial report
- Arranges audit for AGM

Newsletter Editor (30 hpm)

- Liaises with existing and potential Hut News contributors
- Edits/produces 12 newsletters per year

Land Use Officer (40 hpm)

- Convenes land use sub-committee
- Monitors changes to land use/planning legislation
- Monitors developments and impacts
- Prepares submissions
- Initiates campaigns on key issues

Publicity Officer (35 hpm)

- Advertises monthly meetings in the BM Gazette
- Attends monthly meetings and publishes a review in Hut News
- Takes photographs of key BMCS events, locations, people etc
- Provides website with news and views
- Prepares sundry publications for distribution

Website Officer (12 hpm)

- Maintains BMCS website
- Updates content of website monthly and as required
- Designs and codes new web pages
- Manages web hosting account
- Advocates for acquisition of new communication technologies as appropriate

Meetings Convenor (10 hpm)

- Arranges speakers for each monthly meeting, after discussion with Management Committee
- Arranges hospitality, welcome, introductions, gift and supper for speakers

Environmental Education Officer (15 hpm)

- Responsible for education program
- Liaises with BMCC to promote community env. education
- Convenes env. ed. sub-committee
- Prepares publications, workshops, activities to inform the community about nature and conservation issues

Plant Nursery Manager (30 hpm)

- Responsible for overseeing operations of the Blackheath and Lawson nurseries.
- Purchases nursery materials
- Collects and maintains a seed bank of local plants
- Arranges sales and contracts for plants with government and private individuals
- Promotes the use of Australian plants in private and Council gardens
- Manages nursery financial affairs

Threatened Species Officer (15 hpm)

- Deals with threatened species issues and prepares submissions etc.
- Promotes threatened species conservation
- Represents BMCS on the BM Threatened Species Recovery Team

Bushcare Officer (15 hpm)

- Liaises with NPWS, BMCC and other bushcare groups
- Represents BMCS at Bushcare Network meetings
- Advises on Bushcare issues

National Parks Officer (15 hpm)

- Liaises with NPWS about parks management matters
- Lobbies to advance and enhance conservation in, or impacting on, national parks
- Campaigns for inholdings acquisitions
- Campaigns for parks/WHA additions

World Heritage Officer (15 hpm)

- Lobbies for WHA management funding
- Monitors/comments on WHA management
- Identifies/campaigns for WHA additions

Climate Change / Sustainability Officer (10 hpm)

- Convene CC/Sustainable sub-committee
- Liaise between the various BMCC/Sustainability groups regarding activities and events
- Assist these groups by researching and passing on ideas/actions from further afield
- Promote these groups & sustainable hints to wider BMCS membership via Hut News
- Present BMCS's view on CC/sustainability matters to Council, State and Federal governments

Project Officers

(multiple positions, each 10 hpm)

- Takes responsibility for nominated major projects and business arising at Mgt Committee and general meetings

Non-Executive Positions:

Public Officer (0.1 hpm)

- Contact point between BMCS and Department of Fair Trading.
- Ensures that annual returns are filed with Dept of Fair Trading

Bushfire Committee Rep. (5 hpm)

- Represents NCC on BM Bushfire Mgt C/tee and Risk Mgt Sub-C/tee.
- Attends appropriate NCC workshops

Walks Convenor (10 hpm)

- Organises and publishes walks program
- Markets the walks program to members and non-members
- Convenes bushwalk leaders' meetings bi-annually

Management Committee

Meeting Arrangements

Mid-Mountains Community Centre,
Lawson, 9am, Saturday prior to last
Friday of the month.

Annual General Meeting

Conservation Hut, Wentworth Falls
7.30 pm, Friday 28 March 2008

Blue Mountains Permaculture Network
presents

Roberto Perez
Cuban
Permaculturist

Thursday 27th March 2008
Carrington Hotel Ballroom, 7 - 9 pm
Entry \$10, \$5 concession

You may have seen Roberto in the movie **'The Power of Community: How Cuba Survived Peak Oil'**. He is coming to the Blue Mountains to share his experiences using permaculture principles to transform Havana into a sustainable city.

Come and see the movie **"The Power of Community: How Cuba Survived Peak Oil"** at the Carrington, Monday 17 March, 7pm.
Entry with gold coin donation.

Roberto is one of a small handful of permaculture educators and coordinators of sustainability initiatives in Cuba. His experience is invaluable and relevant to the transition that will take place here in Australia in the coming decade.

For more info see *BMPN Newsletter/Blog* <http://bmpermac.blogspot.com>

Co-sponsors for this event:
Carrington Hotel, Blue Mountains Conservation Society, Slow Food Blue Mountains, Cittaslow Katoomba Blue Mountains, and BMCC Sustainable Living Program.

Recycling Paper and Cardboard

Did you know?-

- ◆ One tonne of recycled newspaper saves 19 trees, 3 cubic metres of landfill, 4000 kilowatt hours of energy, 29 000 litres of water and 30 kg of air pollution.
- ◆ Recycled paper products include new paper, kitty litter, shingles for houses, absorbent material for chemical spills and insulation whilst cardboard can be recycled to make gypsum wall board liners, paper towels and packaging.
- ◆ Using recycled paper and cardboard creates 50% less pollution and uses 30% less energy than using raw materials to make these products.

Susan Girard,
Climate Change Subcommittee

Cool Wollangambe Water

Eleven bushwalkers met on a cool, grey, summer morning at Mt. Vic. recently and laughed about their hopes for swimming in the canyon at lunchtime.

As it was cool, we all opted for more walking, rather than swimming time and walked around to De Faur's Rocks at Mt. Wilson. Views inspired us to wander along a little track and we discovered an Aboriginal site with many axe grooves, still in running water, just as they have been for thousands of years. It was easy to just drift in time, being at this place, with the Wollomi views before us.

With the historical importance of the Prime Minister's apology to the Stolen Generations of Indigenous Australians fresh in our minds, a bushwalker read the Dawn is at Hand, a poem by Kath Walker which was written before 1970. We considered the hopes of Aboriginal people at that time and the hope we all feel today for a reconciled Australia.

Walking through bushland, Vera pointed out the large, bright green leaves of *Persoonia levis*, looking oh so fresh and large after the rain, and Sue spotted a hyacinth orchid, *Dipodium punctatum* in flower.

A couple of us had a conversation about how our western minds always need to analyse and name everything, and a Zen story was remembered - it goes something like this "There are 2 green tree-covered hills and another is bare. Do not ask why, just contemplate it".

After climbing over large logs, we saw a Rufus Fantail feeding a fledgling, now out of the nest and still calling for food. Seeing them flash and fan their rufus coloured tails was a treat indeed.

The Wollangambe water was cold and the sun was hidden by cloud, so our swimmers stayed dry! It was still a lovely lunch spot, with water to walk in and tadpoles with legs to watch.

The walk ended on a note of concern as one of our group had gone missing, however the walker returned safe and sound, so all was well. We departed a little later than planned, whilst having had a lovely day in very good company, in the Wollomi.

Meredith Brownhill

Nursery News

Nurseries Gain New Contracts

The nurseries have been successful in tendering for two new Blue Mountains City Council contracts. The first, for 3000 plants, is an initiative by Council to offset vehicle emissions from their weeds and bush-care operations and was applauded by the Management Committee. The second and more recent contract is for 300 rescued and 3800 raised plants for re-vegetation work after clearing for the proposed Waste Transfer Facility at the Katoomba tip which is due for closure. Nursery volunteers did the recovery work at the site on Friday 22nd February followed by seed collecting over a period.

We will also be supplying further plants for the National Parks and Wildlife Service for continuing re-vegetation at Green Gully in the Megalong Valley as a follow-up to the 1200 plants put there last year. Smaller contracts with Council for bush-care groups and with NPWS for other sites are in progress.

The nursery is pursuing the vital role of providing continuing funds for the environmental projects of the Society and interest from any future volunteers is welcomed.

Kevin Bell, Nursery Manager
4787 6436, khbell@pnc.com.au

BMCS Bushcare

The Valley of the Waters Bushcare group works in the Blue Mountains National Park at Wentworth Falls on the 2nd Saturday of each month.

Tools are provided but bring morning tea, gloves and drinking water.

For more information, contact Karen on 4757 1929.

Great Grose Weed Walk Autumn 2008

All welcome and plenty of activities to choose from!

Come and join us for a day tackling Gorse in the Braeside catchment or help stop the invasion of weeds into our

pristine Blue Mountains swamps – home to the endangered Giant Dragonfly and Blue Mountains Water Skink.

For the adventurous there are more remote weeding activities down in the Grose Valley.

For a full program please contact
NPWS Ranger Vera O'Donovan
phone: 4787 3112
email: vera.odonovan@environment.nsw.gov.au

Left: Gorse Above: Montbretia

VOLUNTEERS NEEDED - Can you help for 3-4 Hours?

The NPWS and Gordon Falls Bushcare are seeking about 30 volunteers to help plant approximately 700 native seedlings in the Gordon Falls Reserve, as part of a bush regeneration program, on **Saturday 5th April, 2008**.

The seedlings have been raised at the Conservation Society's Plant Nursery by Kevin Bell and his team of volunteers, under contract from the National Parks and Wildlife Service.

Meeting Place:- Cnr Gordon Road & Lone Pine Avenue, Leura

Date & Time:- Saturday 5th April, 2008 at 9.00am.

Transport from Leura Station is available by arrangement.

Morning Tea will be provided.

To register your interest please call Neil Stone at NPWS Blackheath on 4787 8877 (and to advise whether transport from Leura Station is required).

In the event of rain, the event will be postponed to the following Saturday.

Norman Harris,
for Gordon Falls Bushcare

Blue Mountains Conservation Society Inc. 2008/2009 Management Committee Nomination Form

We, and

being members of the Blue Mountains Conservation Society, hereby nominate

..... for the position of

Signed Date: Signed Date:

I,, being a member of the above Society, accept the nomination.

Signed Date:

This form should be lodged with the current Management Committee at least 24 hours before the AGM.

BLUE MOUNTAINS CONSERVATION SOCIETY BUSHWALKING GROUP

Membership of the bushwalking group is open to Society members. The BMCS Bushwalkers' Guide, which explains the Grades (#), and the Spring Program can be found on the Society's website www.bluemountains.org.au or will be posted on request. For further information contact Walks Convener, Christine Davies on 4787 7246, email bushwalks@bluemountains.org.au, or by mail at PO Box 29, Wentworth Falls 2782.

Before attending a bushwalk, please discuss the walk with the leader or group co-ordinator (listed below). This is essential if this is your first walk or you are unsure of the classification.

MONDAY LEISURE WALKS: 'Short Day' walks of 3-5 hours, for those of average fitness. Bring morning tea, lunch and adequate water. Co-ordinator: Norm Harris (4784 1554).

Mar-17	Manly to North Head (2) <i>Historic Sydney.</i>	Heather 4739 1493	Central Station, top of escalators	9.30am
Mar-24	No walk (Easter Monday)			
Mar-31	Bus trip to Kanagra Walls (2) <i>Kanangra-Boyd National Park. Fare \$12 when booking.</i>	Heather 4739 1493	BMCC Depot, South St, N.Katoomba	8.30am
Apr-7	Pheasant's Cave, Mt Wilson (3) <i>Wind and water eroded cave.</i>	Norm 4784 1554	Mt Victoria Station	9.00am
Apr-14	Mt Piddington, Pulpit Rock, Mt Vic (2) <i>Views over Kanimbla Valley.</i>	Marie 4787 1257	Mt Victoria Station	9.00am

THURSDAY PLEASURE WALKS: Walks conducted to suit walkers on the day. Bring morning tea, lunch if noted & adequate water. Group Co-ordinator: Simone Bowskill (4757 3416, simbow@tpg.com.au).

Mar-13	Leura Forest to Scenic Railway (2) <i>Car pool to Solitary Restaurant. Descend to valley and walk to railway.</i>	Maurice 4739 4942	Cnr Leura Mall, Megalong St	9.45am
Mar-20	Gordon Falls to Leura Cascades (2) <i>Cliff top walk with varied scenery on bush path. Car shuffle to return.</i>	Joan c/o 4757 3416	Cnr Leura Mall, Megalong St	9.45am
Mar-27	Zig-Zag, Bushranger's Cave (2/3) <i>Historic track built in 1877 for access to Kanimbla Valley.</i>	Maurice 4739 4942	Mt Victoria Station <i>(Car pool from Mt Vic.)</i>	9.50am
Apr-3	The Grange Mt Victoria (1/2) <i>Walk in grounds of Barker College. Mainly on firetrails, some steep sections.</i>	Marie 4787-1257	Mt Vic Station	10.00am
Apr-10	Fairfax track and cliff walks (1/2) <i>Easy walk along Fairfax track extended to cliff tops at Govetts leap</i>	John 4757 1558	Blackheath Neighbourhood Centre	9.40am
Apr-17	Florabella Pass (2) <i>Walk to Glenbrook Creek. Some steps and steep in places</i>	Maurice 4739 4942	Warrimoo Station (northside of GWH)	9.20am

WEEKEND WALKS: Usually full day, longer walks at a faster pace. Bring morning tea, lunch and adequate water. Before attending, contact the leader or Group Co-ordinator, Jim Percy (4758 6009, jp34@tpg.com.au).

Mar-15	Golden Stairs to Mt Solitary (3) <i>Steep steps down and up the Golden Stairs and scrambling climb up sections of Mt Solitary. 10km.</i>	Bill 4758 8545	Outside Gearin's Hotel, Katoomba	8.00am
Mar-22	Bald Head (2/3 -some scrambling at end) <i>Hat Hill Rd, Bald Head Ridge to Bald Head and return. Approx. 8km.</i>	Sue 4787 8887	Blackheath Neighbourhood Centre	9.00am
Mar-29	River Caves Canyon, Newnes Plateau (3) <i>4WD needed, from Zig-Zag to the Natural Bridge CP is approx 29km. Walk distance is 5km. Compulsory wet feet (optional waist-deep wade) with scrambling. (N.B. Change of clothes is advised if taking the wade option.)</i>	Karen 6355 2835	Mt Victoria Station carpark	8.00am
Apr-5	Aeroplane Hills (3) <i>Visit site of 1940 plane wreck (5km return), drive to Ingar Pool picnic area for lunch, short walk (2.5km) in afternoon.</i>	Liz 4754 4966	Wentworth Falls Station carpark	9.00am
Apr-12	Federal Pass (3) (Local Saturday walk) <i>Completed 1900 to connect Katoomba Falls to Leura Falls. This walk does the Leura end of the walk and was cancelled Jan 20 last because of rain.</i>	Ron 4757 1526	Leura Station carpark	8.30am
Apr-12-15	WEEKEND SPECIAL: Coolah Tops <i>Coolah Tops boasts a number of delightful camping areas with a number of walks available - mostly short and easy to quite spectacular lookouts and waterfalls and a more adventurous walk to the Basalt Caves (Grades 1, 2 and 3).</i>	Meredith 4782 4823	Phone leader by April 1 to arrange transport	

Membership Matters

It is very handy for the Society to have your e-mail address. We can use it in a non intrusive manner to query your fee payments and notify you about new or changed Society or bushwalking activities. So if you have an email and don't receive e-mails from me or Ross Coster then that indicates that we don't have your e-mail. I then ask that you simply email me (my email is below) stating your name and address and that will provide me with your email. I need your name & address so that I can verify that you are a Society member.

The Society's management committee has in principle approved the issue of membership cards. Some details are still to be finalised but the cards will be issued to all Society members not just bushwalkers that occurred previously. The cards will be used to obtain nursery discounts and provide reference number(s) for filling the bushwalking attendance sheet and making internet payments.

Finally a reminder that if you want to participate in the AGM then your membership must be current and we need to know your name (even if you are part of a household membership). If in doubt please contact me by no later than March 18.

Ilan Salbe
Membership Secretary

Welcome to new members

Sidney Rylie—Glenbrook, Jan Benaud—Wentworth Falls,
Don Allitt—Bullaburra
