### Nature Conservation Saves for Tomorrow

NSW Climate and Energy Action Community Energy Activation Program  
NSW Government  
16<sup>th</sup> of February 2026

To Whom it May Concern

**Letter of Support: BM Renewable Energy Cooperative Community Energy Activation  
program partnership with Local Carbon Locals**

The Blue Mountains Conservation Society (the Society) is a community-based volunteer organisation with over 900 members. Our mission is to help protect, conserve and advocate for the natural environment of the Greater Blue Mountains. In fulfilling its mission the Society advocates for the protection of the Greater Blue Mountains World Heritage Area.

The Society recognises the great work BM Community Renewable Energy Cooperation and Low Carbon Locals provide within our community (formerly Low Carbon Living)

In support of their work, the Society is keen to promote the opportunities, resources, and outcomes that Low Carbon Locals provides to Blue Mountains communities through our networks, particularly as the organisation re-establishes its focus on residential inclusion through community education and outreach as part of the Community Energy Activation Program.

We look forward to continuing our support of this organisation.

Yours sincerely,

Mrs Annette Cam

President Blue Mountains Conservation Society
