Indian Myna Eradication Project Free Information Session

Saturday, 6 April, 2.30pm-5.30pm

At the Lithgow Transformation Hub, 154 Mort Street, Lithgow

The Lithgow Environment Group's Indian Myna Eradication Project warmly invites you to a presentation and Q&A session by the President and Vice President of the Canberra Indian Myna Action Group (CIMAG).

CIMAG is a community group formed in April 2006 that has made a significant impact on the Indian Myna (or Common Myna) populations in the Canberra region

The groups has aimed to:

- Protect wildlife from the threat posed by this highly invasive species
 - Reduce the loss of public amenity they cause
 - Minimise possible human health risks.

Our treasured native flora and fauna must be protected from all invasive species

Light refreshments provided by Secret Creek Café

RSVP for catering by Friday 29 March to oddiechristine@gmail.com
